

MAY 23, 2016

DEAR PARENTS,  
FROM MR. KRÄFFT:

Today is the last Monday of the school year since there is no school next Monday and Tuesday is the final day for final classroom items to finish, clean-up in the room, and then it's off to the swimming party at about 10:30 or 10:45 A.M. Hopefully, the pool is heated since this has been an unusually cool end of the month of May.

The final four page math test of the year will be given on Thursday of this week. It will cover nearly every item that we have discussed during this current 2015-16 school year. This class has improved tremendously in math this year. 60% of the class had an A or an A- on the last test and I anticipate that they will do amazingly well on the final.

The results of their last social studies report were sent home last week and I imagine all of you received that information from your child.

I just recently received information on the after graduation dinner at Tuscany Grille where the food is absolutely wonderful. We hope to see everyone there.

MAY 23, 2016

FROM MRS. DIBOS:

Wow, our last full week of school! We will have the normal vocab. & spelling tests. Since we have finished the book, we will not have a comprehension test this week.

The skating party will be Thursday afternoon & the school movie is Friday afternoon. It is still possible for a student to be disqualified for the movie or skating party. Please watch those incompletes & behavior!

We will be watching the movie, The Secret Garden, this week, since we have read the book aloud in class. We will be discussing the comparisons & contrasts of the book to the movie.

I want to thank you, parents, for bringing your child to FGS all these years. I can honestly say I enjoyed my time with this group of 6th graders. They will do great things in the future, I guarantee it!

God's richest blessings on the future!

MR. KRAFFT & MRS. DIBOS
