## We are Learning..

Religion-We are finishing up on the Reformation, why God blesses us, how we can offer thanks to him, and why it is important that Jesus is true God.

Math-We are working with reviewing the use of fractions as well as metric units of length. 5th grade is also making change, using schedules, adding and subtracting fractions with uncommon denominators, improper fractions, and subtracting fractions with borrowing.

Science- This Friday, we will have a test on Unit A chapter 3.

**We watched a video on the life of Martin Luther during the birth of the Reformation. This is important not only for us at a Lutheran school, but also the history of the world.**
