Week of
May 7-11, 2018

We are Learning..

Religion-We will discuss how the Holy Spirit came to the disciples and the beginning of their work.

Math-Fourth grade will learn the area of different shapes and square measures. Fifth grade will round off mixed numbers, change fractions to decimals, use repeating decimals and multiply and divide by the powers of 10.

Social Studies- We will begin learning about the age of progress in our country including the great inventors.

We will be going to Faith for a science experience on Monday & the City Council chambers on Wednesday in the morning. Please look for permission slips for these exciting events next week!
